Working Day

☀ Morning briefing

Tue 13 Oct

✍ Written by Assenta AI from your numbers

Good morning, Abdullah. On Thursday 8 October, personal finance had 33 applications and 27 bookings (above usual), auto lease 6 and 3 (usual), and credit cards 88 applications (below usual) and 66 issued (above usual). This month is at 43% expected; personal finance is at 28%, auto lease 24% and credit cards 27%, and all three will miss, forecast at 66%, 57% and 62%. Biggest risk: 363 applications are past turnaround time, including 154 booked, 46% expected) and Nasser Ahmed (27% against 43%) today. Priority: have credit card documents completed by Friday.

×

Will personal finance hit target this month? Give me the gap, the two fastest ways to close it, and what you need me to approve. Keep it short.

AB

📊

Personal Finance is off track. It is forecast to land at 66.3% of target (SAR 50,071,000 against SAR 75,531,000).

Gap: SAR 54,072,000 (booked SAR 21,459,000, 28.4%). Daily bookings need to rise from SAR 2,384,333 to SAR 4,506,000 over the remaining 12 working days. No fast win closes this gap on its own.

Two fastest ways to close it

1. **Book the 50 applications waiting at pre-disbursement (SAR 5,218,000).** If all book, achievement rises to 35.3%. The credit department owns the clearance, so it is the quickest lever.

2. **Clear the credit backlog.** 68 applications (SAR 5,328,000) are past the credit turnaround time, mostly at Telephonic Enquiry. See Applications past standard time.

AI that finds the problem, and drafts the fix

Needs Your Decision

⚠ Personal Finance is forecast to land at 66% of target. Daily bookings need to reach 4,506,000 (currently 2,384,333).

✉ Send the forecast task to the three recipients today. Ask each to submit a recovery plan by tomorrow to lift daily PF bookings to 4,506,000 over the remaining 12 working days.

⚠ 50 Personal Finance applications (5,218,000 SAR) are waiting at pre-disbursement and can still be booked this month.

✉ Send the credit e-mail to credit.pf@abcbank.example about 50 applications (copy to you and the back office manager).

⚠ 1,371 assigned leads have not been contacted for over 24 hours. Haneena Faheem alone has 38; Aisha Khalid is the strongest performer in that team.

✉ Reassign the 20 listed leads from Haneena Faheem to Aisha Khalid today, and confirm first contact on all of them within 1 working day. 12 working days remain in October.

✉ Checked by Assenta AI at 13 Oct 03:12

Answers from live sales data

Which teams are behind target this month? Just a short table: team, leader and achievement.

AB

Teams are below the 43% pace expected after 9 of 21 working days, lowest first:

Team	Leader	Achievement
Auto Call Centre 1	Soha Shahin	9.9%
Cards Branch 2	Saeed Al-Balushi	22.1%
Auto Branch 1	Aman Yusuf	25.6%
Cards Direct 1	Lina Hamid	32.0%
PF Direct 2	Yousef Aamir	33.1%
PF Direct 3	Omar Al-Mansor	36.3%
Auto Telesales 1	Abdul Karim	39.9%
PF Call Centre 2	Sara Khalid	40.6%

All 12 teams are still below 100% of their month target. The other four are at or above the pace: PF Call Centre 1 (61.6%), Cards Branch 1 (54.4%), Auto Call Centre 2 (44.9%) and PF Direct 1 (43.4%).

With your CRM, or as your CRM

ALREADY HAVE A CRM?

Assenta runs alongside it.

- ✓ Keep your CRM for customer 360 and service.
- ✓ Assenta adds what the CRM leaves out: targets and incentives, telesales, follow-up, back office, agency payroll and training.
- ✓ Bring agency and telesales staff on board without CRM licences.
- ✓ Connects with your CRM and loan origination system.
- ✓ Start with one sales unit, then grow.

NO CRM YET?

Assenta is your CRM.

- ✓ One system for leads, customers and your whole sales team.
- ✓ Replace spreadsheets and WhatsApp groups with live pipelines and dashboards.
- ✓ Live in weeks, not a year-long CRM project.
- ✓ Add **Assenta Service** for complaints and service requests.
- ✓ Grow from one sales unit to the whole retail bank.

Sits beside your loan system. Applications and credit decisions stay in the systems you already run. Assenta runs the sales side around them.

Built for GCC banks

Arabic built in

Full right-to-left screens and Arabic employer search. Not a translation pack.

AI on your terms

Run AI in your own country or cloud, on masked data, or switch it off. Every AI call is logged.

Built for regulators

A full audit trail kept for 2 years, a do-not-call register, calling hours, and approvals with limits.

Your sales calendar

Public holidays and late Ramadan shifts are built in, so targets and turnaround times stay fair.

Your data stays with you

Assenta runs in your own data centre or your own cloud, on the Oracle database you already trust. There is no vendor hosting, and customer data never leaves the bank.

— NEXT STEP

See it working on your own sales numbers

WHAT BANKS CAN EXPECT WITH ASSENTA

- ✓ See your whole sales operation every day, not at month-end
- ✓ Find stuck applications and unworked leads before they are lost
- ✓ Pay incentives your agents can see and trust
- ✓ Give every manager an AI assistant that coaches their team
